The Current Status of Ocean Science around the World

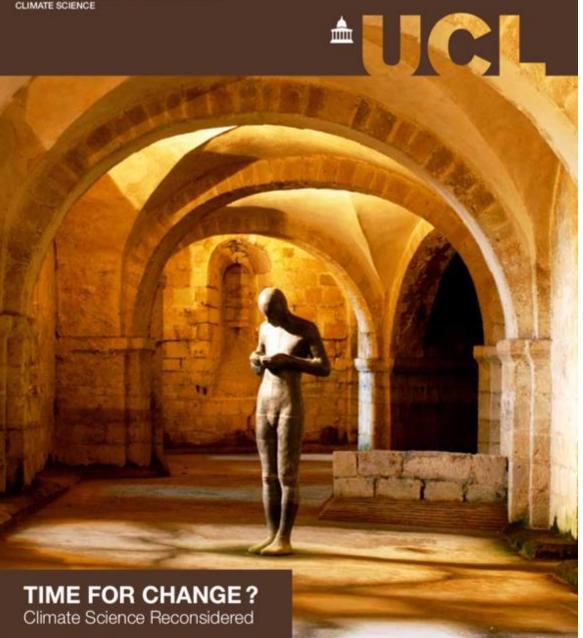

Linted Nationa - Intergovernmental Sustainab ducational, Scientific and - Coeanographic - Developm Cultural Organization - Commission - Boola research agencies, ng for natural sciences

LICE POLICY COMMISSION ON COMMUNICATING

Jane Lubchenko

The ocean science remains *voluntary*, while starting to support *legally-binding treaties* and address existential issues.

It is grossly under-resourced. The governance is weak. Capacity is very unevenly distributed.

Oceanography is *fit for highlighting problems* but is only *starting to systematically provide* solutions.

It needs *mainstreaming*.

Ocean leed Future We Want

Proposal for an International Decade of Ocean Science for Sustainable Development (2021-2030)

One Planet, One Ocean

The United Nations Decade of Ocean Science for Sustainable Development (2021-2030)

021 United Nations Decade of Ocean Science 030 for Busteinable Development

The Science We Need for the Ocean We Want

INTERGOVERNMENTAL OCEANOGRAPHIC COMMISSION (of UNESCO)

Fifty-first Session of the Executive Council UNESCO, Paris, 3–6 July 2018

ROADMAP

Item 4.1 of the Revised Provisional Agenda

A Vision for the Decade

Develop scientific knowledge, build infrastructure and foster partnerships for a sustainable and healthy ocean

2021 United Nations Decade of Ocean Science for Sustainable Development

The Science We Need for the Ocean We Want

The United Nations Decade of Ocean Science for Sustainable Development (2021-2030)

Expected Societal Outcomes of the Decade

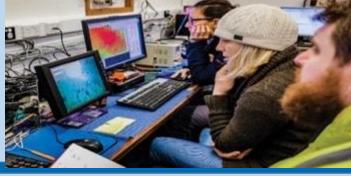

A clean Ocean

A healthy & resilient Ocean

A predicted Ocean

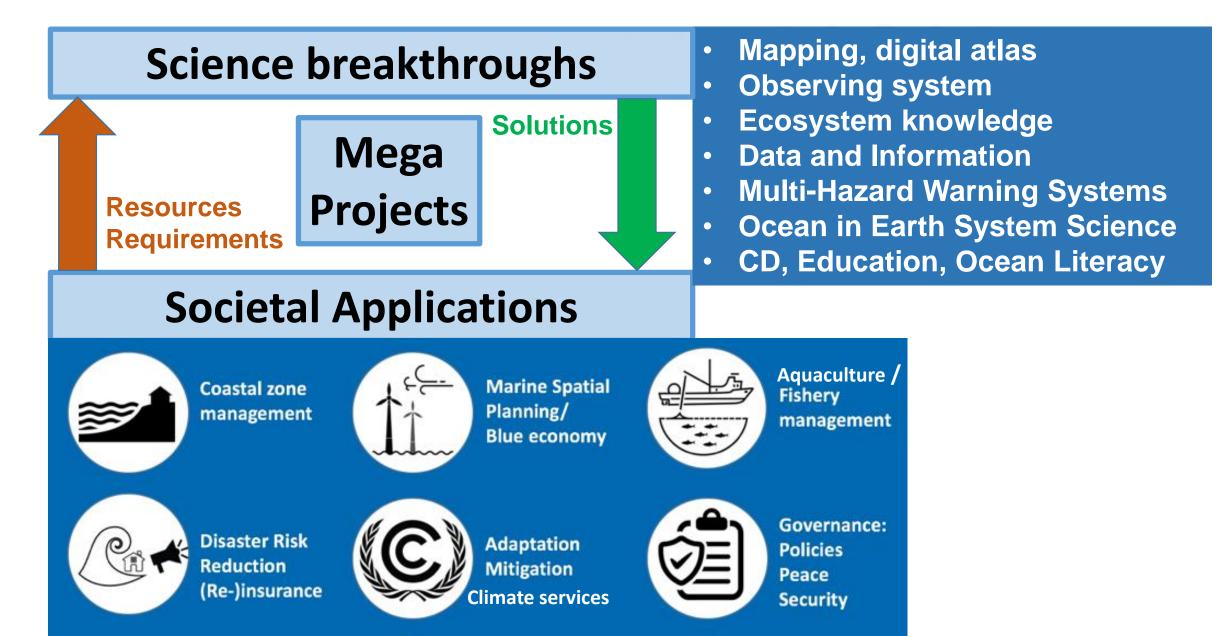

A safe Ocean

A sustainable & productive Ocean

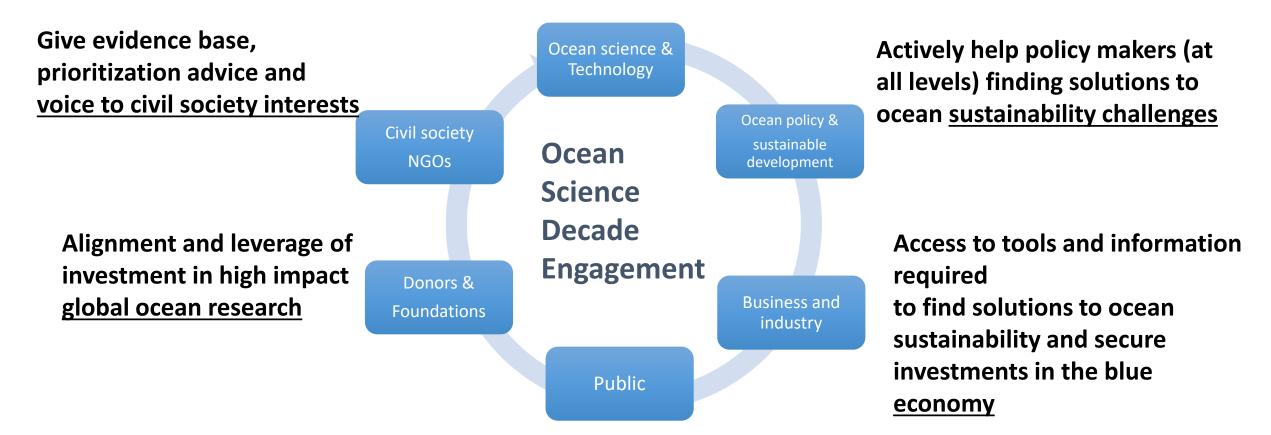

A transparent & accessible Ocean

WHO DO WE NEED TO ENGAGE?

Formulates priorities, advances and aligns the agenda for global ocean <u>science and increased uptake</u>

Access to new information leading to increased awareness and ocean literacy, <u>triggering behavioral changes</u>
